

# MOV100

rotary

scissor

translation

The MOV100 is a mobile system allowing the movement one or more PCI100 target holders in a straight trajectory.

It can be used for training in both indoor and outdoor environments.

## PEDAGOGICAL ASSETS

- AIRSOFT compatible.
- Scenario ready.
- Offers multiple sides for shooting.
- Imposes analysis, discernment and responsiveness to the shooter.
- Allows practice on one or more targets simultaneously.
- Treatment of multiple and/or differentiated threats.
- Includes all the assets of the PCI100.

## OPERATIONAL ASSETS

Movement on two axes.

Easy installation without infrastructure work and therefore without impact on the environment.

Improvement of the dynamic combat skills.

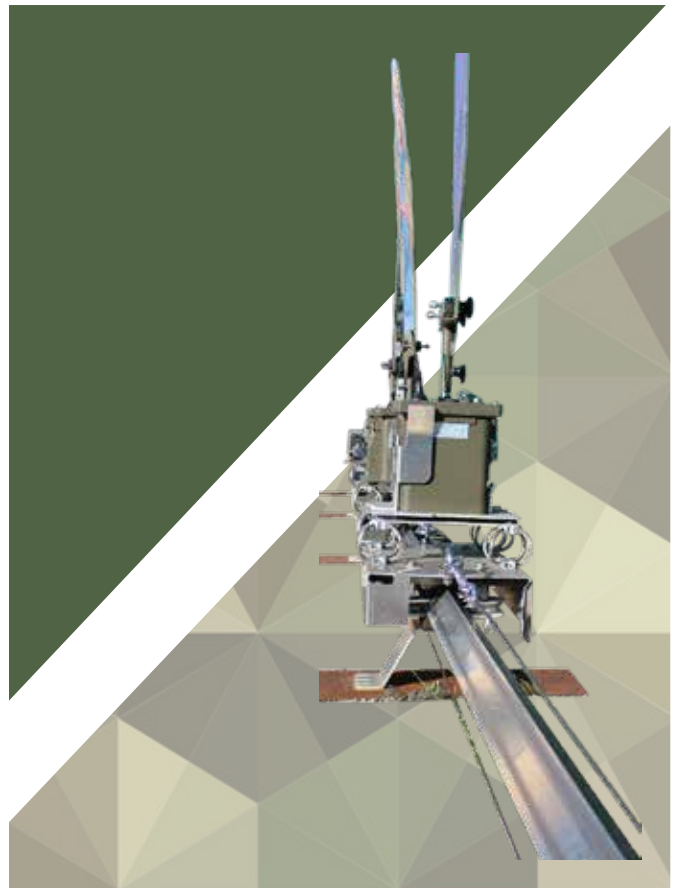

## Mobile track-mounted target holder for shooting exercise
