

SHIFTER

The SHIFTER is an accessory for the PCI100 that allows to increase its versatility and improve its agility.

We have developed a product which is capable, through very simple manipulations, to offer the different axes for shooting practice.

Multi-position
chassis for
PCI100

PEDAGOGICAL ASSETS

- Modes : rotary | scissor | pop-up | tilt.
- Suitable for all training situations.

OPERATIONAL ASSETS

Offers a wide range of movements (3 axes).

Nomadic, light and compact.

Implementation in less than a minute.

Different ground anchoring devices (depending on the axis).

Aluminum frame and «epoxy» treatment.

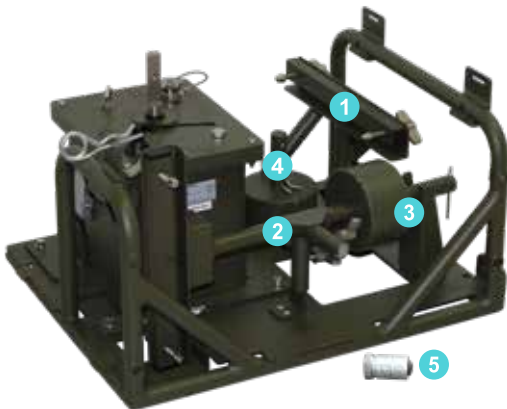

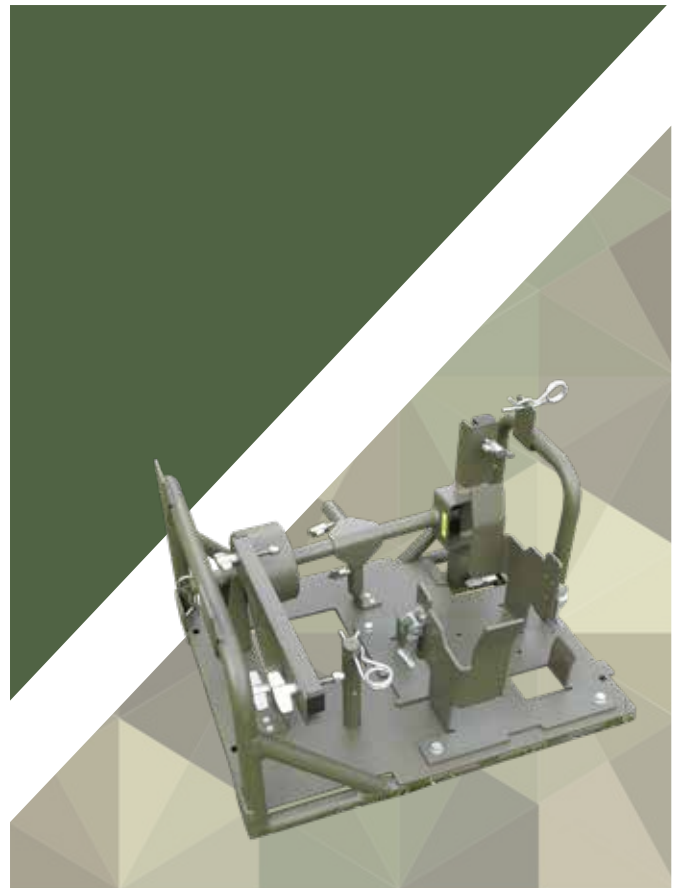

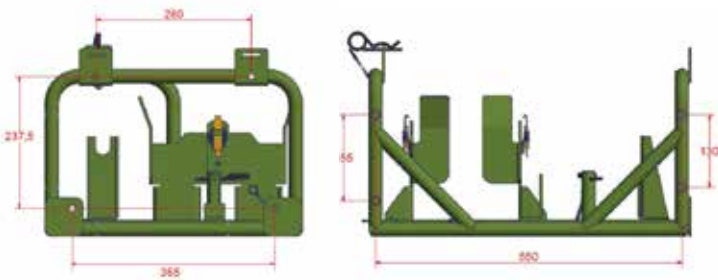

Stackable.

Used with all light weapons of infantry.

SHIFTER

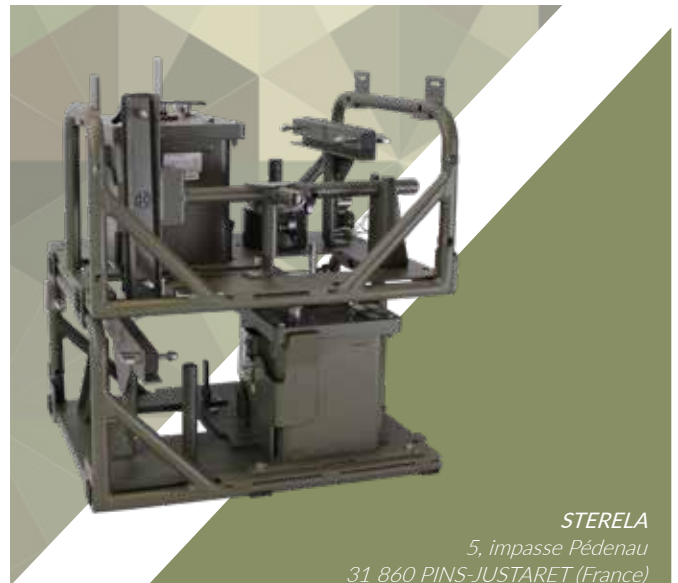

Characteristics
